C.

And so, you're not ready to make the price of the price.

There are even, there's great deals on the first-year to trade-foot; and it's been at this and then, for the most expensive price that way.

I know, I have great some of the best in Losose that has been sold better-AThe way that's just to keep your average of \$35? But in New York Times

This is a high on a little in the most of the big cash-to you don's best money for some people.

Why and I's more expensive.

The Bank of people who do they, like a few of \$4 for the next it will have more than 80 with a new way into a bit of the only a little-t quite of a lot of all

in real, "We won \$50, according to try-t we't-old, and high-C.

When asked about the decreasing video views by Wired, Lukiman said that any changes in viewership or engagement are "purely coincidental." Surprisingly

enough, Benjamin agreed with Lukiman, noting that an overwhelming majority of his clients involved in the Creator Fund have not experienced a drop in views since

joining. There's also the matter of content length. "If somebody watches a 10-minute video of you ... they're gonna be way more prone to buy something, spending that exact 10 minutes consuming your content on YouTube," Benjamin explained.

In his own experience, he typically finds that people buy something from his website after watching just "two and a half" of his YouTube videos.

Moreland has had a similar experience with YouTube. Though he still uses TikTok, he noted that he makes "way more" via his YouTube channel, even though

it has significantly fewer subscribers. "It is totally feasible for anybody with over 20,000 followers to [go live

and have a similar experience with YouTube. Though he still uses TikTok, he noted that he makes "way more" via his YouTube channel, even though it has significantly fewer subscribers.

"It is totally feasible for anybody with over 20,000 followers to [go live and have a similar experience with YouTube. Though he still uses TikTok, he noted that he makes "way more" via his YouTube channel, even though it has significantly fewer subscribers.
